GOD'S HEALING OF THE 4.5 MONTH OLD BABY GIRL AT HER MOTHER'S REQUEST

On August 25, 2012 our church received the following letter, "Good afternoon! I appeal to you to pray for my daughter Dasha who is 4.5 months old. She has blood in the stool and the medical treatment didn't help. I ask to pray for her healing. Thanks in advance. Many thanks, Olga S., Russia, Zhukovka."

We sent her this reply, "Peace be to you, Olga! Your request is told to the Kovel Church. Seeking help from God, you become needy. We pray for all those who are in need of God's help, who call on God that He will listen to their requests. Therefore, if you have faith, then join Sunday prayers of our church. Pray repeatedly, especially between 2 p.m. and 4 p.m.* and ask the Lord God, according to His mercy, to forgive all your sins, both voluntary and involuntary, and to help you in your need concerning your daughter Dasha. If you pray together with us tomorrow, may the Lord have mercy on you and give His help and healing. If for any reason you can't join our Sunday prayers tomorrow or if you have a desire to join prayers of our church another Sunday – join us, may the Lord listen to you and accept your prayer. It is important to realize that there is a certain measure of prayers for every need with God. So we must do as it is written in the Gospel of Matthew 7:7: "**Ask, and it will be given to you; seek, and you will find; knock, and it will be opened unto you ...**" May the Lord, according to His mercy, give you help in everything. *With Christian love, the prayer group of the Kovel Church founded in 1924.*"

On September 01, 2012, we received a letter from Olga again, "Good afternoon! I want to express gratitude for the prayer concerning my daughter Daria who is 4.5 months old. A week ago, on Saturday, I appealed with a request to pray for her healing. On Monday August 27, 2012, after Sunday prayer, we did a test and, according to the doctor, it was ideal. Nor blood, nor inflammation, nor leucocytes, nor erythrocytes, nor fats, nor mucus were found. After that there was no blood for a week. So I decided to write you and heartily thank you for your prayer ministry. And, of course, *GLORY TO THE GREAT AND MERCIFUL GOD*. With respect, Olga S."

Glory to the Lord God, that from the height of heaven He sees and listens those who are in need of His help, and that He performs His healings and miracles. We are glad for all who become truly needy persons and who receive what they ask God for. We wish all those who join Sunday prayers of our church that God will strengthen your faith to receive what you ask for. And the most important thing – may the Lord give you such a measure of faith, through which you could achieve the eternal salvation of your soul.

With Christian love, the prayer group of the Kovel Church founded in 1924

THE TESTIMONY OF NINA

This happened in July 1966. One day in July, I went pick up blueberries in the woods. When I entered the depths of the woods, I heard loud talking, but no one was visible. A little further I saw very beautiful blackberries. I ate it, and after that I felt really bad, so pretty much my whole body was numb. I got scared and went home. At home, I told to my family everything and they advised me to see a feldsher. After a medical examination, she said that I was perfectly healthy. When I went home, I was getting worse. I couldn't sleep, something didn't give to breathe and tormented inside me so I didn't know where could I go. I started to go to traditional healers, but they couldn't help me. I also went to the monastery. The priest read the Bible over my head there, but it also didn't help me. After that, I decided to go to other believers to pray for me, I thought, maybe I would feel better. On the second day I went to the neighboring village and told to one believer woman what has happened to me. She said, "If you have the faith that God will heal you, then appeal to the pastor of the Kovel Church Stepan Logvinsky." When I came to Stepan Logvinsky, he asked, what brings me to him, such a young woman. I told him everything. Stepan said, "I'll go into another room and pray. If God reveals to me that there will be the healing, then I will tell you what to do next." When he came back, he said to kneel down and pray, as I could. And he stood beside me and prayed. During the prayer, I felt that all evil inside me gathered into a clew which rolled all over my body and rolled out of my right ear. I saw a black dog's head with an elongated red tongue that was removing from me. So God cleansed me through His minister. From that moment I became perfectly healthy! The same day through the prayer of Stepan Logvinsky *GOD BAPTIZED ME WITH THE HOLY SPIRIT – I BEGAN TO PRAY IN OTHER TONGUES.*

I told this story to glorify God Who saves. And also to glorify God's way on which God put me too and united with His holy people, where the Power of God does. I am pleased to tell about this great God's deed that was performed through the minister of the Kovel Church – Stepan Logvinsky. Forty-six years passed since then. Another generation of ministers is in the Kovel Church now through whom Jesus Christ acts, because He "**is the Same yesterday and today and for ever**" (Hebrews 13:8). And nowadays He shows His notable signs and miracles through the prayers of the Kovel Church, not only in Ukraine, but in many other countries as well.

Glory to God for everything!

GOD'S HEALING OF THE THREE-YEAR-OLD BOY

The parents of the three-year-old boy appealed to our church. They told that their son's foot started to ache, and he started to lame so hard that he almost could not walk. They turned to the regional children's hospital where their child had a MRI (magnetic resonance imaging) taken. Doctors announced to the parents terrible diagnosis – **destruction of the bone**. Doctors said the child's heel was almost destroyed, but they couldn't determine the cause of bone destruction. Therefore, the emergency operation is needed to remove dead tissues, clean the bone and may it will be possible to determine the cause of bone destruction. The parents were shocked by the disaster that befell them, but thankfully, they knew that through the prayers of the Kovel Church God heals from different diseases. Because the boy's mother was practically resurrected when through the prayers of the Kovel Church she came out of a coma in which she was for ten days after the rupture of the aneurysm. Remembering the miracle that God has shown in their family, the parents were flatly refused surgery and asked for help to the Kovel Church. The boy's mother with

tears in her eyes, asked to pray for healing of her son. She said that all the close members of her family will join the prayers of the Kovel Church and on Sunday they will fast and pray.

This need was announced at Sunday's service of the Kovel Church when the Church prays for all those who are in need.

Next day, on Monday, the boy's mother said, "My son's foot doesn't ache and he walks better." And a few days later she called and happily reported that her son walks, runs and jumps as if he had never been sick! She with tears of joy thanked God and the Kovel Church, whose prayers God listens to, and for the fact that her son is healthy and God saved them from the operation and the destruction of the bone!

Glory to the Great Living God for everything! Amen.

GOD'S HEALING FROM KERATOMA

It passed about twenty years from the time that I found a round wart on the top of my forehead. Its color was the same as the body color, so it was negligible. Over the years it grew and became about 1.5 cm in diameter. I didn't worry, because I have already seen earlier such a wart on the face of my grandmother. According to doctors, it is a precancerous condition, this growth called keratoma, usually inherited. Although this growth was growing, my grandmother didn't feel pain.

But a disaster has happened to me. At the beginning of April 2012 the keratoma inflamed and became dark. The right side of my head ached severely. The blood seeped through small cracks (fissures) which formed in it. On April 7, 2012, the pain became even stronger. I realized that I couldn't wait any longer, so I decided to pray for my healing. The prayer was powerful. After the prayer, the pain stopped immediately. I thought that God was doing something, because the pain stopped. A day later, I found that the blood stopped seeping and inflammation reduced. The day after that the keratoma decreased in diameter, and on the sixth day, on April, 12, 2012, the growth became hard and its diameter was about 5 mm, its height was about 7 mm. Having noted that the growth seemed to peel away from my body, I took it with my fingers and pulled it. It came off my body easily with the sound of ripping thread. During the next three days my skin became completely smooth in the area of keratoma.

Thus God has healed me, showing His miracle. The keratoma was developing about twenty years, and disappeared completely in nine days after the prayer for healing. On April, 16, 2012, on the second day of Easter, at the meeting I together with my friends thanked the Lord for His miraculous healing.

Glory to God! Amen.

THE PRAYER OF FAITH HEALS THROUGH THE ANOINTING WITH OIL IN THE NAME OF THE LORD

I was not yet thirty years old, when I first found a hen's egg-sized tumor in my right breast. The tumor was growing, the pains were growing stronger. When everyone fell asleep, at night I wept so much because I so wanted to live. Sparing my relatives, I did not tell anyone about my disease. I started losing weight, my face was blackened; my acquaintances didn't recognize me. Lumps and bumps appeared all over my breast and in my armpits, and they were growing and were aching. Pus came out of my nipples. I felt that such a smell emanated from my body as the smell of a corpse. I could not sleep on my right side or left side because of the intense aching pain. The food was tasteless for me, I often had nausea and vomiting. I was losing my strength.

I passed a medical examination at the Central Regional Hospital. Having studied my tests and ultrasound, the oncologist gave me a direction to the Volyn regional oncologic dispensary in Lutsk. I was diagnosed in the oncology department with **bilateral fibrocystic mastopathy with a pronounced pain syndrome**.

As soon as my mother had learned about my illness, she wept bitterly and grew old much too soon. Keeping in mind that 16 years ago, God healed my brother of acute lymphadenitis (from bumps on his body) through the prayers of the Kovel Church and, knowing that God heals people from cancer and other diseases, I turned to God's minister with a plea to pray for my healing. On December 11, 2011, the ministers of the Kovel Church came to our house to pray for my healing.

The senior minister asked me whether I had the faith in everything that is written in the Epistle of James 5:14-16 that would be done over me: **"Is any sick among you, let him call to him the elders of the church, and let them pray over him, anointing him with oil in the name of the Lord; and the prayer of faith shall heal the sick, and the Lord shall raise him up; and if he be one who has committed sins, it shall be forgiven him. Confess therefore your offences to one another, and pray for one another, that ye may be healed. The fervent supplication of the righteous man has much power."** I replied that I had the faith. He invited to pray. I knelt. The senior minister had anointed me with oil in the name of the Lord and laid his right hand on my head. At this time I felt that the Power of God was filling my body from head to toes. The death had left me.

God healed me! That night I slept soundly, and in the morning I awoke lying on my stomach, so I could not sleep for two years. Now I do not feel pain! I am healed!

Glory to the Great Living God! Amen.

GOD'S HEALING OF TAISIA FROM THE TUMOR

In the name of Jesus Christ I witness about my healing in our Kovel Church.

In 1994, two small growths formed on my right foot. And about two months ago I found that the growths have coalesced into a single tumor. I was worried because of growing tumor; it was a walnut-sized. Pains bothered me day and night, so I decided to turn to God for help immediately.

On March 14, 2012, I could hardly go to the service of our church, and before the last prayer, I asked to pray for my healing. The believers of the Kovel Church prayed to God, and through a single prayer God healed me! The pains stopped. The tumor began to decrease in size. And a week later I testified that there was no tumor, and I thanked God for the evident miracle of healing.

Glory to the Great Almighty Holy God! Amen.

GOD'S HEALING IN CALIFORNIA

My cousin fell more than ten years ago, hurting the bottom of the spine – tailbone (coccyx). The injury was so severe that she could not even stand up for awhile. She turned to doctors and bonesetters, but there was no deliverance.

Years passed, and the pain didn't leave her. She had a very hard time bending over to do anything. Her back ached severely when straightening it. Nobody said anything about her disease she got a job, but she was very worried that she could be fired for health reasons.

Knowing God heals people through the prayers of the Kovel Church, in anxiety, she called to us to the city of Kovel and specified the time of fasting and prayer of our church. At that time when between 2 p.m. and 4 p.m. the Kovel Church prays to God in the name of Jesus Christ – there is a night in California. In order to join the Church of Kovel in prayer, she had to watch late at night. After praying, she immediately felt relief.

The next day my cousin called me at home again and said that she was healed – she didn't feel the pain and she wasn't afraid of losing her jobs.

So the words of Jesus Christ fulfilled Who said: **“Ask and it will be given to you; seek, and you will find; knock, and it will be opened to you. For everyone who asks receives, and everyone who seeks finds, and to everyone who knocks, it will be opened”** (Matthew 7:7-8).

Glory to God for His marvellous deeds!

GOD'S HEALING IN THE CITY NOVOLYNSK

My aunt felt ill. She asked me that the Kovel Church to pray for her healing. She told that her joints ached so that she could hardly move and could not sleep. It is painfully for her to walk, sit and even lie down. In addition, the smells of food caused severe nausea, so by this time she couldn't eat.

She received answer, "If you have the faith, then on Sunday at the same time with us, you should be fasting and praying, and calling on God for your healing. And every Sunday as always we, in our turn, will fast until 6 p.m. and pray between 2 p.m. and 4 p.m. especially earnestly for all people who need God's help (who are far away and those who are near). If you really have the faith to be healed, then you will be healed by God." She immediately said with daring that she had the faith.

On Sunday, December 26, 2004, my aunt fasted and prayed for herself at the appointed time and she had received the evident healing from the Lord. In the evening, after the fast had ended, from the city of Novovolynsk she called me to Kovel and said, "Today God had healed me – I do not feel pain, food smells became pleasant for me, I had dinner, and now I will be able to sleep." And indeed, she was sleeping all night.

The next morning i.e. on Monday, she was on a visit to the city of Lutsk. And on Tuesday, December 28, 2004, she came to us to the city of Kovel and she expressed her heartfelt thanks the Lord for His miraculous healing.

And so God's Word fulfilled: "**A voice of one calling in the desert: prepare the way for the LORD, make straight in the wilderness the paths for our God. Every valley will be filled, and every mountain and hill will be made low, the crooked will be made straight, and the rough ways will be made smooth. And the glory of the LORD will be revealed, and all flesh will see the salvation of God: for the mouth of the LORD has spoken it**" (Isaiah 40:3-5).

Glory to God for everything!

GOD SAVED ME FROM DEATH

My name is Sergei. I am 17 years old. I testify about a miracle that God has performed for me: God saved me from death. Here's how it happened.

I felt bad: nausea and dizziness. The vomiting blood started. An ambulance was called. I was brought to the intensive care with a diagnosis of **acute bleeding from the gullet**. I have a hereditary disease called **von Willebrand disease**.

Von Willebrand disease is a genetic blood disorder characterized by episodic occurrence of spontaneous bleeding with a sharp increase in the bleeding time and reduced content of coagulation factor VIII (FVIII). The disease is inherited as autosomal dominant type.

Doctors did everything they could (injections, infusion of plasma, blood transfusion), but all this didn't help me. The bleeding did not stop. On the fourth day, the state of my health got worse: the pressure began to fall, hemoglobin concentrations decreased to 41 g/L. Doctors from the municipal hospital said that they could do nothing, so they called a special team of doctors from the

regional centre. Regional doctors after examination said that my condition was critical and I couldn't be operated on because the bleeding didn't stop. They confirmed the earlier diagnosis of:

- **Von Willebrand Disease – angiohemophilia**
- **Acute bleeding from the gullet**
- **Severe posthemorrhagic anemia.**

My parents gave their consent for me to be transported to the regional hospital. I was transported by a specially equipped car "Ambulance" with siren lights on. In the intensive care of the regional hospital's hematology department, the bleeding didn't stop in spite of treatment. The doctor told my parents that they stayed at the hospital, because I could die at any moment. I knew that my life together with my blood was going out of me. So I and my parents turned with a request to the minister of the Kovel Church that the church would pray for my healing. My heart was inclined to be a believer, and I prayed and asked that God would show mercy to me. On Sunday, we fasted and prayed for my healing too, joining the prayers of the Kovel Church. The same Sunday, when the Kovel Church prayed for me, I felt a feeling of lightness and pleasantness in my heart. The bleeding stopped. I felt well. Hemoglobin concentrations rose to 71 g/L., I started to take meals (three days before I did not eat or drink), started to walk.

Glory to God for His mercy to me, He saved me from certain death! Amen.

GOD'S MOMENTARY HEALING OF OLGA GIZS

Suddenly I felt severe pain that gripped me around the right side of my body and the spinal column. It was so strong that I could neither breathe in nor breathe out. That night I hardly slept. From time to time the pain intensified so much that I could not find a position in which I would feel easier. I could barely move from a sofa to the floor. I just was rolling on the floor because of the pain. I was in this state for about a week. I was examined by a doctor, who diagnosed: **osteochondrosis of the thoracic spine with a pronounced pain syndrome**. Yesterday, on December 17, 2011, I was taken into the house where God's minister of the Kovel Church was. I appealed to him with a request that he would pray for my healing. I knelt down and we began to pray. The prayer stopped, and the minister told the vision that God has given to him, "I see the river is flowing from heaven and it is forming the waterfall near Olga. The water jet from the waterfall is going to her right side." Then God through the minister said, "**My will is to give you help**". At once I felt that God had healed me immediately! I began to breathe freely, the pain has gone away completely! I am so glad and praise the Great God the Father in the name of Jesus Christ, Who is the Same yesterday and today and for ever, as it is written, "**Lord! ... just say the word, and ... will be healed ...**" (Matthew 8:8). Amen.

**THE TESTIMONY OF SVETLANA:
“Gratitude to the Living God for the miraculous healing”**

On December 3, 2011, we appealed to the Kovel Church through the internet, so that the believers would pray for our health. And on December 4, 2011, our child had a terrible flu. His temperature 39.4°C brought down with paracetamol for a short time, but it came back again with terrible vomiting and the refusal of food and was already 39.5°C. I read many testimonies of healings through *a single prayer* of the Kovel Church and I very wanted to write my own testimony. On Sunday, December 4, 2011, the believers of the Kovel Church were praying for us, and on December 7, 2011, the temperature had gone in an instant and had not returned. The child immediately felt fresh, became alert and asked for the meals. We came to a district doctor; she carefully listened to child’s chest and said, “The breathing of your child is clear as crystal.” All told me about this flu: what will happen after such a terrible temperature, a terrible cough and a terrible weakening of the organism. You will be back to normal in a very long time after flu symptoms – but all of this was people talking. The Living God heals immediately and forever, in an instant – like lightning. We thank the Living God, we thank the Kovel Church. Let all the people read my testimony of God’s mercy to us, and make haste to pray at the same time with the Kovel Church.

THE TESTIMONY OF VASYL

My father was ill with **pancreatic cancer**; the hospital had discharged him to die at home. The hospital physician said that the metastases have metastasized (spread) throughout his body and he could only live a few days. At that time he only weighed about thirty kilograms (sixty-six pounds), so I took him in my arms, and carried him into a car from the second floor of the hospital and drove him home.

We (a few people from our church) have agreed to fast and pray to God for his healing. The same day, towards evening, by the prophetic word God said through one of the ministers of our Kovel Church that He was healing my father. The following words in this prophecy were: “**Give thanks for what I have performed for you and make known of this to other people.**”

The miracle had happened – God healed my father! Before that time my father had not eaten anything. And after God’s healing he immediately asked to eat. He ate a little and foods didn’t harm him. He began to eat everything. And a week later my father could walk himself, and they with my younger brother, who was nine years old, went by bus to the village. When they were walking six kilometres from the bus stop, my brother even had to run up, because my father was walking very fast. And two weeks later after the healing he scythed grass and he felt completely healthy.

Glory to the Great God the Father and His Son Jesus Christ and the Holy Spirit! Amen.

GOD'S HEALING OF OLGA FROM GERMANY

We live in Germany. Our mom Olga fell seriously ill. Her limbs were numbing, she had pains in the back of her head, heart palpitations. Her body temperature rose to 39,2°C, she had loss of movement on the right side of her body. She felt a constant pain so strong, that her relatives couldn't touch her body. Her face crooked, especially her mouth. She could not speak and move herself.

Doctors diagnosed her with:

- **Ischemic stroke**
- **Right-sided hemiparesis**
- **Ischemic heart disease**
- **Atherosclerotic cardiosclerosis**
- **Atrial fibrillation**
- **Chronic heart failure of II-III degrees.**

Our family appealed to the believers of the Kovel Church in Ukraine with a plea to pray to the Lord God for our mom's healing. The next day after the prayer for her, her body temperature returned to normal, all her limbs have become movable again, pains stopped, she could eat! After healing our mom repeatedly thanks the Lord that He healed her, and thanks for the prayers of the church.

We, her children are also grateful for the healing of our mother and give glory to the Great God the Father and the Son and the Holy Spirit! Amen!

GOD'S HEALING IN ISRAEL

Galina, who lives in Israel, had a very high temperature for about two weeks. She could not eat, her state of health worsened daily. Doctors could not establish the diagnosis with certainty, so they took her tests to see if she had bird flu and sent to special laboratory. It took more than a week to get the test results back. Galina's health became much worse. As a medical worker, Galina had realized that she could die, therefore through her daughter she sincerely requested the believers of our Kovel Church would offer a prayer for her so that God would heal her. On Sunday she joined the prayers of the Kovel Church between 2 p.m. and 4 p.m. Galina could not even kneel down, so she got down from the bed and prayed, lying on the floor. God heard the prayers and performed the miracle: the same day, Galina's body temperature returned to normal to 6 p.m., she was able to take meals, started to walk. On Monday she was doing homework all day long, which has accumulated during her illness.

Speaking over the phone Galina sincerely thanked us for prayer and asked, "Give thanks to God because He is so kind, He showed mercy to me and healed me."

VERA'S TESTIMONY

I found a lump above her left eye. I had the lump for several months. But over the last few weeks the lump began to grow drastically. My colleagues and acquaintances advised to seek emergency medical attention, but I did not.

At the service during the prayer for the sick people I knelt down, wanting to be healed without telling anyone. And the Power of God descended upon the minister of the Kovel Church and he laid his right hand on my head according to God's command with authority. And God healed me! Towards morning the lump has already decreased in size, and a few days later it completely disappeared.

Glory to God for His Acting Power which performs concrete miracles in our days too!

GOD'S HEALING OF MENTALLY ILL ALIBEK

A young man Alibek from Kazakhstan was taken to the regional hospital with the closed craniocerebral injury. His behaviour was inadequate: he did not recognize any relatives, was frightened with something, cried, laughed, darted away to go somewhere... His actions cause fear in others. There was always somebody of relatives beside him. They did not leave him unattended. His relatives cried in despair, because they saw the true state of his health.

Alibek was transferred from the neurosurgical department to the lunatic asylum because of his behaviour and deterioration of his mental health. He was diagnosed with **encephalopathy**. Time was passing, and there was no improvement, his health state is getting worse. None of the doctors could say anything about the period of his recovery. They explained that people with such a diagnosis could be in the hospital one year or more, and rehabilitation takes a long time. Most patients remained ill for the rest of their life. His young wife was on the verge of a nervous breakdown, seeing this hopeless condition of her husband.

Before that, Alibek's relatives with different needs have already appealed to the Kovel Church in Ukraine and received God's help. Therefore, having faith in God's healing through the prayers of the believers of this Church, they prayed again on Sundays. And this time all of them, fasting, joined prayers of the Kovel Church on Sunday between 2 p.m. and 4 p.m., and beseeched God for healing of Alibek. At this time a miracle happened! The Power of God touched Alibek and he fell to the floor in the middle of the hospital room. At that moment Alibek felt like something came out of him. He said about this after his healing.

A miracle like the one described in the Gospel of Mark, chapter 9, verses 20-29, when the possessed child was brought to Jesus: **"When he saw Him, straightway the spirit tare him; and he fell on the ground, and wallowed foaming. And He asked his father, How long is it ago since this came unto him? And he said, Of a child. And of times it hath cast him into the fire, and into the waters, to destroy him: but if Thou canst do any thing, have compassion on us, and help us. Jesus said unto him, If thou canst believe, all things are possible to him that believeth. And straightway the father of the child cried out, and said with tears, Lord, I believe; help my unbelief. When Jesus saw that the people came running together, He rebuked the unclean spirit, saying unto him, [Thou] dumb and deaf spirit, I command thee, come out of him, and enter no more into him. And [the spirit] cried, and rent him sore, and came out of him: and he was as one dead; insomuch that many said, 'He is dead.' But Jesus**

took him by the hand, and lifted him up; and he arose. And when He was come into the house, His disciples asked Him privately, Why could not we cast him out? And He said unto them, This kind can come forth by nothing, but by prayer and fasting.”

Immediately after healing, Alibek had the ability to think and to reason soundly. His nightmares stopped. After medical examination he was found mentally sound and discharged from hospital. He had a right to engage in employment and returned to work in the field of information technology again. The first difficult task – it was a serious error in the system “Client-Bank”, which he had to eliminate. Other programmers could not eliminate it more than six months. He successfully performed this task and received a letter of thanks from the management. Now he works. He and his wife bring up their son. All these facts testify about his full recovery and that he returned to normal life.

Glory to the Great Merciful Living God Who heals people according to His mercy, irrespective of the nature and severity of the disease nowadays too! Amen!

GOD SAID THE PHONE NUMBER

I caught on a cobblestone, fell and injured my shoulder. I could see my collar bone sticking up, my arm hung loose. I felt severe pain. I was taken to the hospital. After medical examination and X-ray exams I was diagnosed with **closed fracture of acromial end of the right clavicle with rupture of tendons**. The fracture was very difficult, therefore I was urgently sent to surgery to fix broken bones with metal spokes and repaired torn tendons. The doctor explained that if this operation would be ineffective, it would be necessary to operate again, selecting an appropriate bone graft (osteoplasty). And there was no guarantee that the functions of my hand would be restored. It all takes a lot of money. I had to give my written consent for surgery under general anesthesia. I was upset. I worried about the pain.

Before the surgery I decided to ask advice of the minister of the Kovel Church. When I saw him, I told him everything. He listened to me, and after a short time he said to me, “There is no need to have surgery, it just need to fix your shoulder with a special bandage, and God Himself will knit bones and tendons.” I saw a traumatologist again to ask whether they have a specialist who can do such a bandage, but he replied, “No bandage could help. You need to do surgery.”

I was so embarrassing. At my request I was taken home. At this time the minister of our church came to me and asked me whether I have found the specialist who can make a special bandage. I replied, “I have not.” Someone among those present remembered that there is a bonesetter who makes bandages for fractures. It is about 100 kilometres from my house to the inhabited locality where he lives. My acquaintances gave me his phone number but no one was answered. A worker in the information desk said, “This number is not in service.” We all sat in silence and thought of what to do next. At that time, God said to the minister of the Kovel Church the phone number on which he may contact the bonesetter. The minister picked up the phone and began to dial that number. A little girl answered. The minister asked, “Does a bonesetter live in your inhabited locality?” She replied, “Yes, he does, but his house is far away from their house. The minister of the church asked that little girl, she called out to her parents. She said, “Just a minute, I’ll call my parents.” And suddenly she said with joy, “The bonesetter is walking on the road near our house.” The minister said, “If you can, please call him to the phone.” Then he heard a male voice. It was the same bonesetter whom we were looking for. When he heard how we have found him, he was surprised very much. He told us that his phone had not worked for several

months, and that he lives a kilometre away from this place. God saw that the bonesetter would pass by this house, so God with God's precision did everything in order for our meeting, and the word was fulfilled which has been said before: that it was necessary to fix my shoulder with the special bandage, and God Himself would knit bones and tendons.

The same day I was taken to the bonesetter. He put a tight bandage consists of a long strip of material (20-25 meters) and instructed not to move my arm during sixty days when the bone would knit (this means a broken bone knits as many days as a person's age). Four days later a swelling disappeared and the bandage became loose, so I had to go to the bonesetter again in order to wrap this bandage tighter. He wanted to do something, but suddenly he said with surprise, "The bone has already knitted!" Later I heard that many people with the same fractures like me had unsuccessful operations, even abroad: their bones were rotting and their hand functions were not restoring for months or even years. Doctors did on them other surgeries, but they remained disabled.

So the Great God did a miracle – God healed me and saved me from many disasters!

Soon I went to see the doctor who had sent me for an operation, and said, "Rejoice with me, God has healed me!" Having looked at my healed shoulder, he was very surprised and said, "Well, all right!"

A month later, I lifted heavy objects without fear and could do everything as before, without restriction of movement. My shoulder had healed with full recovery of arm-hand function!

Glory to the Great Living God! Amen!

THE POWER OF GOD'S WORD RETURNED TO LIFE

Olga U. felt bad and lost consciousness. Her relatives called for an ambulance. Case record: The patient was rushed to hospital, where her condition is critical. Increase of the top pressure reached 170 mm hg when she collapsed. The patient was hospitalized in the intensive care unit. Neurological status at admission: coma 1, neuroplegia, bilateral exophthalmos. There was no clear difference in the tendon reflexes, no evidence of meningeal signs.

Diagnosis: Arterial aneurysm of the left middle cerebral artery. There were an aneurysm rupture and intracerebral hematoma of the left temporal lobe. Surgery is clipping of the aneurysm, relieving hematoma.

Artificial support systems maintained her respiratory function. Doctors said that Olga was in a very bad condition and gave them no hope at all. Professor, neurosurgeon told directly that Olga had one chance in a thousand to live. Even if she not dies, she will be in coma. And if she comes out of the coma then she will be not restored to normal.

Rupture of a cerebral aneurysm may cause bleeding into the brain tissue (intracerebral hemorrhage), death or neurological disorders of varying degrees of severity, hemorrhagic stroke, vasospasm (the main reason of disability or death as a result of aneurysm rupture), hydrocephalus, coma and irreversible brain damage. About 25% of people die within 1 day, and another 25% die within about 3 months. Of those who survive, about 25% will have some sort of permanent disability. According to statistics, the mortality rate of intracerebral hemorrhage at 65 - 80% (From Wikipedia, the free Encyclopedia).

Olga's family turned to the Kovel Church asking to pray for Olga. Her mother with tears in her eyes besought our church, saying, "Please pray that God will resurrect my daughter!"

The Great God heard the prayer of His people and said through the prophet that Olga would be restored and this deed would be for the glory of God. And a miracle was done!!! Olga regained consciousness!!! She was asked who she was, and where she lives. She uttered her name and address! The doctors' dire predictions were unfulfilled, God had annulled it! Two days later she was transferred from intensive care into the neurosurgical department, where she had to recover for a long time, but she was discharged home after nine days. The doctor who treated her said, amazed, "I have never seen such a quick recovery after aneurysm!" At the time of discharging Olga from the hospital the professor of neurosurgery said in response to an expression of gratitude, "Glory to God! This is a miracle!!!"

Olga with her mother with tears of joy thank God that He fulfilled His promise and fully restored Olga!!!

Glory to God for the Power of His Word!!! Amen!

VICTOR'S TESTIMONY OF GOD'S HEALING HIS MENTALLY ILL MOTHER

Victor's mother has been mentally ill for a long time. She suffered from sudden change in emotional behavior and memory lapses. For example, she forgot where things were or directions to get to a particular destination; she took something into her hands, held it for a long time and looked at it with unseeing eyes without any reaction.

Sometimes her health improved slightly, but last week her mental state of health became rapidly worse, so Victor decided to take his mother to a lunatic asylum in which she had already been before. There was no opportunity put her in an in-patient psychiatric facility because of repairs. For this reason, he had to take his mother home for a few days in order to send her in the lunatic asylum after weekend.

But last Sunday her son Victor, a member of a Baptist church, joined the prayers of the Kovel Church, beseeching the Lord to have mercy on his mother and cleanse her from this dreadful disease.

God heard the prayers of His people, and last Sunday the insane woman was restored to normal. She is in her right mind and in a good mood and does all the housework.

Seeing this great God's miracle, Victor expressed his gratitude to the Kovel Church and said that next Sunday he would join the prayers of our church in order to thank the Lord for healing the Lord God has performed for his mother. He said, "I will ask the Lord that He not let such a disaster affect my mother."

Glory to the Great Living God for everything! Amen!

GOD'S HEALING OF VLADIMIR

The day before yesterday, 14.07.2011, Vladimir at dawn turned to a minister of the Kovel Church, asking him to pray for healing, because he at night began to feel excruciating pain in his abdomen in the right side. His liver was swollen, so it stuck out from under ribs.

God showed the minister a vision about Vladimir's spiritual state, and how he should direct his life, explaining this vision in the Russian language. In His word, God said that Vladimir should repent for the sinful thoughts and intentions which are in his heart and after that God would heal him from this disease. The minister of the church came to Vladimir at his house and told him all THE WORDS that God had spoken about him. Vladimir confirmed that there are the sinful thoughts and sinful intentions in his heart and confessed its to the minister of the church.

After his repentance, the prayer was made to God that He would forgive Vladimir and heal him. During prayer, the pain stopped immediately – God healed the sick man!

Vladimir thanked God, and on the second day, i.e. yesterday, he went to work.

Glory to God for His marvellous deeds! Amen!

MARIA'S TESTIMONY OF GOD'S HEALING FROM ISCHEMIC STROKE

I want to tell you about the miracle of healing that God has performed for me. I fell ill. I had begun to show symptoms of paralysis of the right side of my body. I had severe headaches, especially in the back of head and the noise in my head. The right-hand side of my head was like wood when I touched it. The lower jaw and then the upper, became numb (like after anesthesia, when a dentist pulls out teeth). My tongue felt large and heavy in my mouth. My mouth was crooked. I could hardly speak. My right leg and arm to my fingertips were numb. My state of health worsened.

As a medical worker, I knew that I was threatened with death, so I came to see a doctor. He said, "I should be in hospital." But I refused, knowing that doctors are powerless against this disease. The doctor replied: "It is for you to decide, but you should be aware that complete stroke and death may occur within one minute." I understood this, because I saw my father-in-law had died from such a disease with similar symptoms within two hours.

There was no hope of life, I asked God that I would not be paralyzed for a long time. I felt worse and worse. I could hardly move and began to lose speech.

At that very moment God sent the minister of the Kovel Church to our home. I thought that I would die and I told him, but he offered to pray for my healing. During that prayer God had revealed to the minister that I didn't have the faith to be healed. "Really, I don't have the faith to be healed", I confirmed this fact. Although many times I was a witness to healings through prayers of this minister. After our talk he offered to pray again so as God would give me faith to be healed and healed me. We prayed once more, and after praying I felt better immediately. Then I got into bed and fell asleep. I was awakened by a strong jolt and a sound (as if a bomb had exploded within my head).

At this time I felt something come off the left side of my head. I did not know if I was alive. And I began to check myself: I touched my head – it was safe and sound, looked out the window, see, made a sound with my voice, hear, then I realized that I was alive. The pain in my head

disappeared, I began to feel my right arm and leg. My mouth crookedness was rectified and my speech became normal again. God healed me through the prayer of God's minister in this way.

I am happy that the Great Almighty Heavenly God revealed to us and there are His faithful people on earth, they serve Him, and He hears their prayers.

I thank the Great God the Father and the Son and the Holy Spirit for His miracles and also for the fact that I'm still alive! Amen!

ANNA'S TESTIMONY OF GOD'S HEALING

I live in Germany. When I was at work, pains in my belly, under the right ribs started which disturbed me. I was not able to work, I came back home. The pain intensified, nausea and vomiting appeared. The state of my health became worse and worse, so I was taken to doctor. A large stone in my gallbladder was found through ultrasound. The doctor said, "This stone can block bile-excreting duct at any time, and then the flow of bile must be stopped." Therefore he gave me referral for emergency surgery.

I refused to have surgery. Instead of this my relatives turned for help to the believers of the Kovel Church in Ukraine at my request, in order to pray to God for my healing. Our family had already turned to the Kovel Church, and many times we received healings from different diseases through the prayers of this church.

The believers of the Kovel Church made a prayer for me and God healed me! The pain and vomiting stopped immediately. I began to eat, and then went to work. I felt well after working three weeks but I went again for ultrasound. After having studied my results of ultrasound doctor said, "You do not already have the large gallstone! You do not need surgery!"

God heard the prayers of the Kovel Church and God healed me!

Glory to the Great Living God! Amen!

GOD'S HEALING FEBRUARY 28, 2010

On February, 28, 2010, God healed the woman with a spinal trauma in Washington State through the prayers of the Kovel Church. Before the healing she could not walk. She used a wheelchair, and constantly took an anesthetic.

Her brother in Christ from Canada told her that there is a church that prays for people's problems. And on Sunday she with her need joined the Kovel Church in prayers at the appointed time between 14 and 16 p.m.

And God performed a miracle: after the prayer she rose up from her wheelchair and started to walk again, even without a stick, without feeling a pain.

She phoned and informed us that she received the healing from God. She thanked us from the bottom of her heart for the healing of her spine, for our prayers and asked us to thank the LORD for this miracle of healing.

And we say in the name of Jesus Christ: "Glory to the Great Almighty Living God!" Amen!

INFORMATION FOR YOU

For more than 50 years, the Kovel Church has been continuously fasting and praying to God for the whole world every Sunday. We continue to do this and now. We eat nothing and drink nothing until 6 p.m. And between 2 p.m. and 4 p.m.* many times we pray especially earnestly. *Our prayer time is determined by the clock that is at the top right corner of every page of our website www.God-does.com*

We pray for all peoples, tribes and tongues, for their presidents, kings and rulers, so that God's mercy will help on its own in all the deeds which are being done on the Earth. We pray that God's mercy will help good deeds and prevent evil deeds. We pray for the sick, for those who, being in prison and in distress, call on God for help, and for all those who are in need of God's help. We pray that all peoples, tribes and tongues, believing with one accord in the name of Jesus Christ, will glorify the One God the Father and the Son and the Holy Spirit. Amen!

We offer this to all people: if you have any needs and want to receive what you ask of the Lord, then join us in prayers on any Sunday, means that you pray at the same time we pray. Even when Jesus was on the earth, people received healings in the pool Bethesda only at certain times when God's Angel moved the water (John 5:2-4). To receive what you ask for, you do not even have to go out of the house. You must believe that there is no distance for God. In the place where you live, beseech God heartily to forgive your sins and to help you in your needs. Pray to God with your own words rather than with memorized ones, like you are asking something from your father. And according to your faith, you will receive what you ask if it is not against God's Will. Because, it is written in the Bible that Jesus **“took upon Himself our infirmities and bore our diseases”** (Isaiah 53:4); and it also written: **“Behold! the Lamb of God Who takes upon Himself the sin of the world”** (John 1:29).

The Great God of Love and Peace listens to the prayers of faith, and that is why He gives His answer by Word and Deed. Through the prayers of the Kovel Church, God performs healings and miracles for people from different communities of believers in the Americas, Germany, Israel, Iraq, Russia, Ukraine, Belarus, Uzbekistan, Kazakhstan and other countries. God performs healings even to those who do not attend services of believers but have the faith to receive what they ask of the Lord – just like Anatoliy from Lutsk, Lilia from Tashkent and many others.

In the name of Jesus Christ, glory to the Great God the Father and the Son and the Holy Spirit for everything! Amen!
